

## Queensland Data Coding Explanations.

In the spreadsheets the data is arranged in columns. Following please find a list of those columns and an explanation of what the numbers within them mean.

|                       |   |                           |   |      |               |                    |           |          |
|-----------------------|---|---------------------------|---|------|---------------|--------------------|-----------|----------|
| <b>Column Heading</b> |   |                           |   |      |               |                    |           |          |
| <b>Region</b>         | One of the 12 sporting regions of Queensland  |                           |   |      |               |                    |           |          |
| <b>Gender</b>         | M - Male  |                           | F - Female                                    |      |               |                    |           |          |
| <b>DOB</b>            | Date of Birth (dd/mm/yyyy)  |                           |   |      |               |                    |           |          |
| <b>Age (years)</b>    | Age in number of completed years  |                           |   |      |               |                    |           |          |
| <b>Age (months)</b>   | Age in number of completed months   |                           |   |      |               |                    |           |          |
| <b>School Grade</b>   | Grades from 3 to 11   |                           |   |      |               |                    |           |          |
| <b>Place of Birth</b> | 1= Queensland   | 2= Elsewhere in Australia | 3= New Zealand                                | 4=UK | 5=Philippines | 6=Papua New Guinea | 7= Taiwan | 8= Other |
| <b>Height</b>         | Height to the nearest centimetre  |                           |   |      |               |                    |           |          |
| <b>Foot Length</b>    | Measured to the nearest millimetre. (You may need to widen the column in Excel to see this displayed to one decimal place.) |                           |   |      |               |                    |           |          |
| <b>Mobile</b>         | 0- no Mobile Phone  |                           | 1-pupil has their own personal mobile phone   |      |               |                    |           |          |
| <b>Computer</b>       | 0- no access at home  |                           | 1- pupil has access to a computer at home     |      |               |                    |           |          |
| <b>Internet</b>       | 0- no access at home  |                           | 1- pupil has access to the Internet at home   |      |               |                    |           |          |
| <b>Television</b>     | 0- no access at home  |                           | 1- pupil has access to the Television at home |      |               |                    |           |          |

|  |  |                                |                            |                                   |          |                    |
|--|--|--------------------------------|----------------------------|-----------------------------------|----------|--------------------|
| <b>Moved in last year</b>  | 0= not moved in last year                                  |                                |                            | 1= moved house in the last year   |          |                    |
| <b>House Type</b>  | 1- House   | 2 – Townhouse                  | 3 – Flat                   | 4- Other                          |          |                    |
| <b>Household</b>   | Number of people in household                              |                                |                            |                                   |          |                    |
| <b>U18 Males</b>   | Number of U18 males in household                           |                                |                            |                                   |          |                    |
| <b>U18 Females</b>   | Number of U18 females in household                         |                                |                            |                                   |          |                    |
| <b>Travel Type</b>   | 1=Walk   | 2=Bus                          | 3=Car                      | 4= Skate/Scooter                  | 5=Train  | 6=Cycle<br>7=Other |
| <b>Time to school</b>  | Time taken to get to school is given to the nearest minute |                                |                            |                                   |          |                    |
| <b>FavouriteSubject1<br/>Subject2 (Grades 8-11 only)<br/>Subject3 (Grades 8-11 only)</b> | A- Art   | L- Language other than English | E- English                 | V- VOSE                           | H- HPE   |                    |
|  | D- Speech and Drama  | M- Mathematics                 | X – Home Economics         | N- Manua; Arts                    | U- Music |                    |
|  | S- Science   | G - Graphics                   | T – Typing/Word processing | C- Computing Skills               | O- Other |                    |
| <b>Pets (Grades 3-7 only)</b>  | 1= has that type of pet                                    |                                |                            | 0= does not have that type of pet |          |                    |
